

## Bailey Bale & Pallet

### Description

Bale and Pallet trailers are mounted on 8 or 10 mm RHS chassis with heavy-duty axles on tandem springs.

All models are 2500mm/8'2" overall and fitted with a 4.5 mm chequer plate floor with 60 x 40 RHS floor runners at 300 mm centres. Bale trailers have heavy-duty 8 mm side rails and a 600 mm high headboard for safe and secure loading of pallets, bags and boxes.

Features include: hydraulic working platform to aid filling of potato boxes; Box Pusher and Rollover Sheet for safe transportation of load.
