

## Husqvarna 214TC

### Description

Hour meter

Hour meter helps you having control over service and maintenance intervals. Pivoting rear axle

Pivoting rear axle for maximum traction

The rear axle is pivoting to get maximum traction on the drive wheels and a smooth ride also on uneven surfaces.

Four large wheels

Equally sized wheels for a comfortable ride 16-inch wheels both front and back provide optimal riding comfort, great accessibility and less risk of damaging delicate surfaces.

Automatic blade engagement

The blades are engaged automatically, when you lower the cutting deck. The blades are engaged automatically, when you lower the cutting deck.

Pedal-operated hydrostatic transmission

Pedal-operated hydrostatic transmission. Easy speed and direction control with pedal-operated hydrostatic transmission. Separate pedals for forward and reverse.

Easy-access cutting height lever

Easy-access cutting height lever. The cutting height lever is easy to reach from the drivers seat, making it possible to do cutting height changes while mowing.

Engine behind driver

Engine behind driver for better overview. Thanks to the rear-mounted engine, you get better overview of the mowing and less noise and emissions in the drivers area.

Storage compartment

Easy-access storage compartment. The open left-hand storage is easy to access while mowing.

Bottle holder

Convenient bottle holder for refreshments.

Combi cutting deck

The Combi cutting deck offers the versatility of two different cutting systems. Choose between BioClip for lawn fertilisation and rear ejection for efficient mowing on areas with higher and rougher grass.

Comfortable driver's position

With a Rider you get safety, stability and traction on both flat grounds and hillsides. The Rider's low gravity centre contributes to extra good traction as well as a comfortable 'sit-in' feeling for the user.

Front-mounted deck for optimum accessibility

Front-mounted cutting deck for excellent accessibility into corners and under bushes, park benches etc.

Unique articulated steering

Min. clearance circle by articulated steering. The unique articulated steering system allows the rear pair of wheels to swing in underneath the machine. The result is superior manoeuvrability with a minimum turning radius at full lock.

Turn key start

Easy to get operating under any wetather conditions. No choking needed, just turn the key and go.

Combi cutting deck with BioClip (mulching)

BioClip (mulching) mode for frequently cut areas BioClip (mulching) provides perhaps the best cutting result on the market on frequently cut areas. The grass is cut into fine pieces that quickly turn into fertiliser.

Versatile usage

Accessories for versatile year-round usage. A wide range of cutting decks and accessories makes our Riders exceptionally versatile, all year round.

## Service position

Service position for easy deck maintenance. Service position on the cutting deck facilitates cleaning and service.

## Easy-access controls for user comfort

Controls are easy accessible and designed for optimum user comfort.

Husqvarna Connect With the smart Husqvarna Connect app, you'll have easy access to tips, manuals and spare part recommendations. The app also provides additional information such as runtime and charging status as well as maintenance and service needs.

With the smart Husqvarna Connect app, you'll have easy access to helpful tips, manuals and spare part recommendations.
