

Husqvarna Automower 430X NERA

Description

Wire free installation available. The Automower NERA range, compatible with the intelligent Husqvarna EPOS Plug-in kit, offers you the freedom of completely customisable lawn maintenance, by creating virtual boundaries through satellite based technology, instead of physical wires.

Automower Zone Control. Create both work areas and temporary stay-out zones in the Automower Connect app, without changing the installation. Giving you more control to define different work areas of your lawn and apply different schedules and cutting heights to each. Or to prevent the robotic mower from mowing in areas by creating stay-out zones.

Object Detection & Avoidance. Built-in technology assists the mower to detect and avoid objects, reducing the risk of unplanned stops. The detections mode reduces the speed and

makes collisions softer and the avoidance mode causes the mower to turn away and avoid impact.

Automower Connect app. Enjoy the convenience of complete command from your smartphone with the Husqvarna Automower Connect app. From edge to edge you can manage and monitor your Husqvarna robotic mower freeing you from the task of mowing your lawn with the reliability to always achieve a premium cut. Make your lawn care as carefree as possible with Automower Connect. Cellular, Wi-Fi and Bluetooth connectivity available, dependent on model.

Smart Home integration. Fully integrate your robotic mower into your smart home. Voice-control it with Alexa and Google Home, use it in IFTTT routines and more.

GPS theft protection. Equipped with GPS tracking, keep track of your mower to minimise the risk of theft.

Husqvarna AIM Technology (Automower Intelligent Mapping). Husqvarna AIM Technology uses onboard GPS and sensors to create a virtual map of your lawn. With AIM Technology you can use the app to create work areas with different cuttings heights and schedules, or stay-out zones for personalised zone control.
