

John Deere 750A 3M Drill

Description

3M Drill c/w hydraulic actuated, row marker system, spoked gauge wheel, serrated closing wheel and harrow with 10mm teeth, 31x15.5 tyres.

The John Deere 750A 3M is a, popular, high-performance, 3-meter trailing no-till pneumatic drill designed for precision seed placement in all conditions, including stubble and pasture. It uses a single-disc design for low soil disturbance to minimize blackgrass and conserve moisture.
