

John Deere V462R Round Baler

Description

c/w rotoflow 2.2m pick-up, ISOBUS, silage preparation, auto greasing, lights, caster pick up wheels, 520/55R22.5 tyres.

The John Deere V462R is a high-capacity, variable-chamber round baler built for heavy-duty multi crop performance in both dry hay, straw and sticky silage conditions. It produces dense bales measuring 1.2m wide and ranging from 1.0m to 1.85m in diameter, and utilizes endless belts to maximize compression.
