

Kramer KT144 Telehandler

£49950 ex VAT

Description

30k c/w 45HP Yanmar engine, pressure relief of 3rd circuit, hydraulic quick hitch facility, 7-pin socket for rear attachments, adjustable steering column, manoeuvring coupling.

The power rating of the KT144 is impressive despite its small dimensions. The stacking payload on the pallet fork is 1,450 kg, the lift height 4.3m. Even when handling heavy loads (e.g. silage bales), there is thus sufficient reserve to work with a big reach. This efficient machine impresses with its dynamic drive system, high payload, unbeatable maneuverability and low weight.
