

## Kuhn AXIS

### Description

Check out AXIS mounted fertiliser spreaders with working widths of 12 to 50 m and capacities from 1,000 to 4,200 l. Unique KUHN solutions cater for absolute spreading precision: EMC (Electronic Mass Control) adapts the application rate automatically and independently, on the left and right, during spreading. In addition, the CDA distribution system is the key to precision spreading in any conditions. KUHN's range of ISOBUS-compatible AXIS spreaders bring you cutting edge spreading solutions.
