

Kuhn BAV

Description

Available in working widths of 1.20 m, 1.50 m and 1.72 m, rotary toppers are designed for and suited to various types of jobs.

The cutting quality will be appreciated by farmers on rank patches and by landscape professionals for all work on green spaces.

You will be completely satisfied with the shredding quality of the rotary toppers on treating plant residues up to 25 mm in diameter for BAV models 1245 and 1545 and up to 30 mm for the BAV 1845.
