

Kuhn BP - BPR 100

Description

Seven models of multi-purpose shredders available in 4 working widths (2.10 m to 3.03 m) for shredding all types of grassy areas and aimed at individual farms or communities. The offset possibilities, the adjustable rear hood, the choice of tools, it is thanks to this versatility that these shredders are adapted to various uses such as the maintenance of pastures, orchards, scrub land but also shredding of crop residues or intermediate crops.
