

## Kuhn DELTIS 2

### Description

The DELTIS 2 range represents the mid-range selection of KUHN mounted sprayers, perfectly adapted to mixed farms : with 1000-1500 l tank capacity, there are five boom models available for all requirements from 15-24 metres. Adapted to your needs, this sprayer benefits from a simple, yet efficient design and offers exceptional ergonomics in use. The implementation coupled with the patented OPTIFILLER chemical induction bowl provides the user with the utmost security without compromising performance. The aluminium boom, mounted on the OPTILIFT suspended parallelogram suspension system, guarantees the highest level of quality and reliability.

Above all, DELTIS 2 sprayers are simple, quick and easy to use and reliable: easy and quick hitching, simple and trouble-free operation, and simple and intuitive electronic

controls.

Lightweight design, suspension in transport and 3D suspension... DELTIS?2 sprayers are designed to offer constant balance throughout the spraying operation to ensure high output and total reliability.
