

Kuhn Espro 4000R Drill

Description

c/w hydraulic blower drive, visaflo monitoring & universal tramlining, 2 pair hard coated trac eradicators, pre emergence markers, CCI A3: Aux-N Isobus joystick with touch screen, continuous hydraulic working disc adjustment and wheel scrapers.

The KUHN ESPRO 4000R is a 4-meter, trailed, high-speed, minimal-till air drill designed for versatility in ploughed, min-till, or direct drilling conditions. It features the CROSSFLEX coulter bar for precise seed placement up to 17 km/h, a large-diameter press wheel system for low-power requirements, and is ISOBUS compatible.
