

Kuhn GA7501 Rake

£20850 ex VAT

Description

c/w hydraulic width adjustment, central curtain, individual rotor lift, KGAOIS control box. The Kuhn GA7501 is a semi-mounted, twin-rotor central-delivery rake designed for high-capacity, professional haymaking with a working width of 6.70-7.50m (approx. 22'-24'). It features 11 tine arms per rotor with double-curved, hyper-tangential tines for clean, fast raking and 3D suspension for excellent ground contour following.
