

## Kuhn PERFORMER

### Description

The KUHN PERFORMER with discs and tines offers 4 actions in one single pass: chopping up, mixing or loosening, levelling and reconsolidating. Suitable for medium to high horsepower tractors (from 180 to 700 hp), the PERFORMER range meets the needs of farming enterprises who want a solution that optimises their output during very short working window.

The PERFORMER offers the possibility of saving money on a large scale: one machine, one driver, one pass and less fuel consumption than conventional tillage. The reduction in mechanisation costs and wage costs guarantee better profitability for your farm.

The PERFORMER cultivator offer the possibility of increasing your yields by improving the structure of your soils and allows you to seed at the same time with the SH seeder.
