

Kuhn Primor 3570M Straw Blower

£18250 ex VAT

Description

c/w standard straw blowing turbine, swivelling chute, long drawbar, adjustable hitch, 24 knives, electronic control, dual control tail gate & conveyor, 10/75-15.3 tyres.

The Kuhn Primor 3570M is a 3.5m³ capacity trailed straw blower and feeder designed for efficient bale handling with low-horsepower tractors (50hp+). It features a Polydrive system, swivelling chute, and electric controls, capable of handling round bales up to 2.00m or square bales up to 2.7m. It is designed for durability and ease of use in livestock bedding and feeding applications.
