

Kuhn Sitera 3020-24E Drill

Description

Disc Drill c/w VT terminal, mechanical top link & pre emergence markers with following harrow.

The Kuhn Sitera 3020-24E is a 3-meter, integrated mechanical seed drill designed for precise, high-speed seeding in varied conditions. It features a double-disc coulters bar with 24 rows, offering up to 35 kg of coulters pressure for consistent depth, and electric metering for easy calibration and rate modulation.
