

Plant-Mec Ultra Sweep Bucket Brush

£3500 ex VAT

Description

7'6" 3 Point Linkage Mounted Brush with Bucket.

The Plant-Mec Ultra Sweep is a high-performance, versatile 3-point linkage mounted hydraulic sweeper and collector unit, often used on tractors. It features a fully galvanized frame, a direct-drive brush system to eliminate chain maintenance, and 50/50 polyester/polypropylene bristles. Key features include twin tipping rams and a removable brush, allowing it to function as a linkbox.
