

Sumo DTS 3 Drill

Description

3M Drill c/w markers and tramliner.

The Sumo DTS 3 is a 3-meter, mounted, high-output strip-till drill designed for precision seed placement, low disturbance, and, in some cases, fertiliser application in a single pass. It's designed for stubble or direct drilling, with independently mounted coulters, a tungsten-coated leading disc, a loosening leg, and a 120mm wide, depth-adjustable seeding coulters.
